A Message From the President

Dear Members:

First, I must thank the generous supporters of the OI Foundation, our board of directors, staff and community for making 2013 another great year. Together we accomplished important work in our mission to improve the lives of individuals and families living with OI.

In April, the OI Foundation officially launched the *50,000 Lives, One Unbreakable Spirit®* campaign, a campaign to raise \$10 million in four years to fund research and programs to improve the lives of the 50,000 individuals living with OI in the United States. We are almost halfway to our goal which has allowed the Foundation to continue funding vital research initiatives, all of which you will read more about in this report, like the Michael Geisman Research Fellowship, the Adult Natural History Initiative (ANHI) project, our annual science meeting, and the introduction of a new science meeting for clinicians this past Fall titled *Clinical Care Issues in OI: Standard and Emerging Treatments*.

Another new addition in 2013 was the re-introduction of the OIF's regional conference program. In the month of November, the *Uniting Unbreakable Spirits* regional conference was held in Tampa, Florida, and drew over 150 attendees, almost half of whom had never attended an OIF conference before. OIF founding member Gemma Geisman was in attendance and speakers included OIF MAC Chair Dr. Francis Glorieux, OIF MAC Member Dr. Cathleen Raggio and Dr. Scott Beck.

Also this past year, the Foundation continued to advocate on behalf of the OI community. In partnership with the Rare Bone Disease Advocacy Alliance, members of the OI Foundation staff and community visited Capitol Hill and educated lawmakers and staff about rare bone diseases and the real-life impact of the challenges that individuals living a rare disease face.

This has indeed been an impressive year and now a new year is underway and off to a great start. In 2014 we look forward to advancing our scientific knowledge and partnerships at the OIF's annual science meeting in April and the International Science Meeting on OI in November. In August, over 600 members of the OI community will come together in Indianapolis, IN, for the 2014 OIF National Conference. To kick off the conference weekend, we will host our first *National Unbreakable Spirit® Walk-n-Wheel*—an opportunity to increase awareness about OI and build partnerships with local business leaders and organizations who support the mission of the OI Foundation.

Thank you for supporting the work of the OI Foundation. Together we are making a difference in the lives of the 50,000 people living with osteogenesis imperfecta.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark D. Birdwhistell".

Mark D. Birdwhistell
President

Awareness

In May, the OI Foundation held its third national OI Awareness Week, involving volunteers across the country in holding awareness and fundraising events within their communities. Awareness Week 2013 took place May 4-11, 2013, and on May 6, 2013, the Foundation officially participated in Wishbone Day, an international awareness event that helped to raise awareness about OI all over the world! Eleven cities and states proclaimed May 4-11, 2013 National OI Awareness Week, members of the OI community hung official OI Awareness Week posters in their local schools, shops and business, over 300 people participated in the OIF's National Blue Jeans for Better Bones Day on May 10th and more than 50,000 people were reached through our National OI Awareness Week social media campaign. Over 400 people attended National OI Awareness Week events, including the OI Foundation's national annual fundraiser, Fine Wines Strong Bones and articles appeared in more than 15 newspapers around the country about OI.

Joe Lovrics raised \$29,069 while running the NYC Marathon on November 3rd in honor of his daughter Alexandra who passed away this past summer.

Miracle Michael – On July 15th, the Miracle Michael Foundation celebrated the 15th year of their annual golf tournament. In the past 15 years, the Miracle Michael Foundation has raised \$338,000 for the OIF. John and Beth Shultz promised to continue holding this event in honor of their son Michael for another 30 years to come and then passing the torch to their son for another 30 years.

Jaden and her friend swam 100 laps and raised \$128,655!

MEDICAL ADVISORY COUNCIL

Chair

Francis Glorieux, O.C., M.D., Ph.D.
Shriners Hospital for Children
Montreal, Quebec, Canada

MEMBERS

Peter Byers, M.D.

Chicago, IL

V. Reid Sutton, M.D.
Baylor College of Medicine
Houston, TX

Laura Tosi, M.D.
Children's Hospital
National Medical Center
Washington, DC

David Vernick, M.D.
Harvard University
Boston, MA

Matthew Warman, M.D.
Boston Children's Hospital
Boston, MA

Michael Whyte, M.D.
Shriners Hospitals for Children
St. Louis, MO

One of the longest standing events in the OI Community, the New Jersey Support Group's Beefsteak dinner celebrated its 22nd year on October 12th and raised \$25,714 for the OI Foundation.

On November 8th the Southern California Petroleum Industry Charity Association held its 39th annual golf and tennis tournament benefitting the OI Foundation and raised \$54,000. We are very excited to announce that with this annual donation, we have founded the SCPICA Young Investigator Award – we are recommending Brya Matthews, Ph.D., for funding in 2014. This year we bid a fond farewell to board member Frank Fossati who is retiring after 27 years of working on the event.

The Gudek Family and Technical Needs held the 7th annual OI Golf Classic on August 26, 2013 and raised an amazing \$46,745.

On June 2, the Rossi, Potorski and Wyman Families came together once again for the 9th Annual Unbreakable Spirit® Walk in honor of Sophie Stanley in Framingham, MA, raising \$37,909. 2014 Thelma Clack awardee, Christine Rossi can't wait to celebrate her event's 10th anniversary coming up in May!

National Unbreakable Spirit® Walk-n-Wheel

The OI Foundation announced the first National *Unbreakable Spirit® Walk-n-Wheel* for OI will be held on July 31, 2014 in Indianapolis, IN, as a way to kick-off the 2014 OIF National Conference. Teams from all over the country are being recruited to participate in this event to raise awareness about osteogenesis imperfecta. OI Foundation staff is working with local Indianapolis business leaders to plan the event.

Regional Conference

In October 2013 the OI Foundation held a regional conference in Tampa, Florida. More than 150 attendees gathered for the *Uniting Unbreakable Spirits* conference that featured speakers Dr. Francis Glorieux, Shriners Hospitals for Children – Montreal and OIF Medical Advisory Chair, OIF Medical Advisory Member Dr. Cathy Raggio, Hospital for Special Surgery in New York, Dr. Scott Beck, All Children's Hospital in Florida and Michelle Bunker Fynan, clinical counselor. Throughout the day conference speakers discussed and answered questions on a variety of topics, including an overview of medical approaches to managing OI in children and adults, treatment options, tips for building self-esteem and developing good mental health. The OI Foundation looks forward to doing more regional conferences in the future.

Linked Clinical Research Centers (LCRC)

The OI Foundation, in partnership with the Children's Brittle Bone Foundation, continued funding five LCRCs and reached its enrollment goal of 500 people in the natural history study in 2011 and increased the number to 605 in 2012 and 650 in 2013 making the enrollment very strong. Dr. Reid Sutton, the LCRC's project manager, released preliminary information on findings from the study and has submitted those findings for publication in scientific journals.

Scientific Meetings

In April 2013, 100 scientists gathered in Chicago for the annual OIF Scientific Meeting. Dr. Joan Marini, Chief of the Bone and Extracellular Matrix Branch of NICHD at the National Institutes of Health provided a cutting edge update on OI bone pathology and mechanisms in murine models for OI at the molecular, cellular and tissue levels. Discussions took place on how to best move basic scientific treatment studies into new clinical avenues. The conference was made possible by the generous support of the Buchbinder Family Foundation.

In November 2013 clinicians, physicians and researchers gathered for a meeting titled, *Clinical Care Issues in OI: Standard and Emerging Treatments*. The meeting was chaired by Dr. Jay Shapiro of Kennedy Krieger Institute. The meeting discussed challenges in treating OI and presented best practices in areas of surgical intervention and physical therapy. Presenters also gave the most up to date information on pharmacological treatments and information on how OI affects other organs like the heart, lungs, kidneys, eyes and ears. The next clinical meeting will be held in October 2014 in conjunction with the International Meeting on OI which will be held in Wilmington, DE and chaired by Dr. Richard Kruse of DuPont Hospital for Children.

Research Grants

In 2013, the OI Foundation funded a new Michael Geisman Research Fellowship to a researcher at Baylor College of Medicine in Houston, TX. Dr. Ingo Grafe's research titled Dysregulated matrix-cell signaling as a mechanism of osteogenesis imperfecta. Dr. Grafe's research will examine the bone matrix to help determine why "bad bone" is made and what can be done at this very basic level of science to correct or treat it.

Adult Natural History Initiative (ANHI)

Work continued on the Adult Natural History Study with approximately 1100 adults with OI completing the survey for this ambitious study, led by Dr. Laura Tosi of Children's National Medical Center in Washington, DC. ANHI uses an NIH-approved, Internet-based questionnaire to collect information about participants' current health status, quality of life, and health concerns. Combining this information with the OI Registry and the Linked Clinical Research Centers will create a clearer description of the health needs of adults who have OI and identify areas needing research.

OI Registry

The OI Registry is a joint effort between the OI Foundation and the Kennedy Krieger Institute. Each person completes a profile of their medical characteristics, family history, fracture history, and treatment. Based on one's profile, people are contacted about institution and IRB-approved clinical research study opportunities. Since the Registry opened in March 2006, more than 1,500 people from the United States and 39 other countries have joined.

Impact Grants

In partnership with the Children's Brittle Bone Foundation, more than \$120,000 was awarded to people with OI in need of products or services that would improve the quality of their lives in 2013. Grantees received funds to purchase adapted vehicles, new mobility devices, computers, hearing aids, dental work and other products and services. A new cycle of funding began on December 1, 2013.

I am joyful to have a much needed new wheelchair and you made that dream a reality. As you see from the picture, this new chair serves my current needs to the max. I can now feel more at ease and secure as I venture into a world that can be often difficult to navigate in. My heart goes out to all of you for the difference that you make in the lives of the many different individuals that you serve.

~ Eduardo Barragan,
2013 Impact Grant Recipient

OI National Information Center

Approximately 6,500 requests for information were provided during the year, and the OI Foundation website was visited 205,000 times in search of information. The Center also offers a variety of resources, many of which can be downloaded free of charge, including booklets, brochures and more than 70 fact sheets. The Foundation's new online video center was also launched this year. The first video, a five-minute tutorial on home-splinting with Dr. Esposito and Dr. Peterson-Suri was posted in May and the second video, introduction to OI and the OI Foundation as told through an interview with OIF MAC Chair, Dr. Glorieux, will be posted this month.

Social Networking

The OI Foundation manages four social networking sites—Osteogenesis Imperfecta (OI) Foundation Facebook Page, NING, OI Foundation Twitter, and Sunday Night Chat. The OI Foundation continues to offer on www.oif.org links to other social networking sites as well that might be helpful or interesting to parents and young people living with OI. They continue to be managed by volunteers that the Foundation has established a working relationship with. To date over 4,000 people are members of the OIF Facebook Forum and more than 3,000 are members of the official OIF Facebook page. The official Facebook page allows the OIF to provide information in "real time" on events, activities and new information including new research updates.

Advocacy

In September 2013 the OI Foundation, in partnership with the Rare Bone Disease Advocacy Alliance, visited Capitol Hill for Advocacy Day. The Alliance members (the OI Foundation is a founding member of the Alliance) did a fantastic job of educating lawmakers and staff about both the real-life impact of rare bone disease and the common challenges those with rare bone diseases face. They shared statistics as well as personal stories about their experiences and challenges. More than 30 congressional offices received a visit from members of the Alliance.

Meetings and Conferences

The OI Foundation was represented at several large meetings including the Endocrine Society meeting and the American Society for Bone and Mineral Research (ASBMR). More than 10,000 people attended both meetings and OI Foundation staff spent quality time talking with potential new OI researchers and physicians interested in treating people with OI. Several OI Foundation Medical Advisory Council members presented posters on their OI research at the very popular ASBMR poster session.

Rare Bone Meetings/Activities

The OI Foundation continued to take a lead role in collaborating with other rare bone disease organizations at meetings and activities. The OI Foundation coordinated the Rare Bone Disease Working Group meeting at the October ASBMR annual meeting. The sold out working group meeting gathered senior scientists and industry leaders interested in working together to accelerate research in the area of rare bone disease research. Medical Advisory Council members, Dr. Brendan Lee, Dr. Matthew Warman and Dr. Michael Whyte all presented at the meeting.

ASBMR-MAC Chair Dr. Francis Glorieux and OIF CEO Tracy Hart at the ASBMR Meeting.

CONTRIBUTORS

July 1, 2012 to June 30, 2013

The OI Foundation gratefully acknowledges the generous individuals, foundations, and corporations, whose support helps us respond to thousands of inquiries each year, produce new information resources, fund research, organize the biennial National Conference on OI for families, and facilitate the operation of support groups across the country. These are listings of donors from July 1, 2012 to June 30, 2013. We regret any error or omission and ask that corrections be brought to our attention.

Workplace GIVING DONORS

July 1, 2012 to June 30, 2013

We truly appreciate the many people who contributed to the Foundation through the Combined Federal Campaign, the United Way, state employee charitable campaigns, or company workplace giving programs. In addition, this list includes donors who made gifts through 3rd-party sites, like Network for Good, Just Give and Facebook Causes. We were notified of these contributions between July 1, 2012 and June 30, 2013. We regret any errors or omissions, and ask that corrections be brought to our attention.
