A Message From the President

Dear Members:

On behalf of the OI Foundation Board of Directors I would like to thank you, the members of the OI Foundation, for your generous support in 2014. Together we accomplished important work in our mission to improve the lives of individuals and families living with OI.

We are especially excited that we received the wonderful news that the OI research community, including the OI Foundation, would now be a part of the National Institute of Health's Rare Diseases Clinical Research Network. The Brittle Bone Disorders Consortium, with the cornerstone of research focusing on osteogenesis imperfecta, will expand the existing OI natural history study and will launch five new pilot projects including a Phase I drug trial, a biomarkers study, a pregnancy study and a scoliosis study. All of these studies will be made possible the inclusion of the OI community in the Brittle Bone Disorders Consortium Contact Registry. You will be receiving information this spring on how to enroll in the contact registry.

It was especially rewarding to receive this news at the 2014 OIF National Conference in Indianapolis where more than 700 people gathered for three days of information sharing, networking and connecting with old and new friends. Other exciting news shared at the conference included the expansion of regional meetings where the OIF will bring medical professionals and new information to cities across the country each year for a one day meeting. The first OIF regional meeting was held in Tampa, Florida in 2013 and was such a success, thanks to the hard work of the Florida Support Group, that a series of meetings will be held in cities in 2015 including Los Angeles, CA; Stamford, CT and Minneapolis, MN.

We are so fortunate to have Tracy Hart's dedicated leadership at the OIF. She and the outstanding Foundation staff make all of the things that we do possible and managed a very full 2014! The annual OIF scientific meeting chaired by Dr. Frank Rauch from Montreal Shriners Hospital for Children attracted more than 70 researchers to discuss topics important to the OI research community. And, the OI Foundation continued to advocate on behalf of the OI community. In partnership with the Rare Bone Disease Advocacy Alliance members of the OI Foundation staff and volunteers visited Capitol Hill and educated lawmakers and staff about living with a rare bone disease and thanked them for their support of the NIH's Rare Diseases Clinical Research Network.

Thank you for supporting the work of the OI Foundation. Together, we continue making a difference in the lives of the 50,000 people living with osteogenesis imperfecta.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark D. Birdwhistell".

Mark D. Birdwhistell
President

Dr. Brendan Lee, Principal Investigator of the BBD RDCRC

NIH Rare Diseases Consortium Grant

At the 2014 OIF National Conference it was announced that the OI Foundation is part of a team that will be receiving funds from the NIH to form the Brittle Bone Disorders Rare Disease Clinical Research Consortium (BBD RDCRC). This network will conduct clinical research and will incorporate the Linked Clinical Research Centers and the longitudinal study of OI. The clinical research will include a Phase I drug study, a study on scoliosis in people with severe OI, pregnancy and OI, dentogenesis imperfecta and other dental/craniofacial issues and OI, a biomarkers study and a quality of life and OI study. This is the only rare disease network at the NIH that is studying bone and specifically OI. The OI Foundation will be responsible for developing a new professional education website, as well as providing scientific meetings that will train the next generation of OI researchers and physicians. The network is led by OIF Medical Advisory Council member, Dr. Brendan Lee, at Baylor College of Medicine. To learn more about the network, visit our website at www.oif.org.

Awareness

In May, the OI Foundation held its fourth national OI Awareness Week, involving volunteers across the country in holding awareness and fundraising events within their communities. Awareness Week 2014 took place May 3-10, 2014, and on May 6, 2014, the Foundation officially participated in Wishbone Day, an international awareness event that helped to raise awareness about OI all over the world by sharing a fact about OI every hour for 24 hours! We proclaimed National OI Awareness Week 2014 in 13 states, received a National OI Awareness Week Resolution from the House of Representatives, educated over 2,000 participants at 10 OI awareness raising events, displayed over 400 Awareness Week posters and reached OVER 300,500 people through our National OI Awareness Week social media campaign [SHAREforAWARENESS].

Over 500 members of the OI Community attended the opening session of the OIF National Conference in Indianapolis, IN.

National Conference

The 2014 OIF National Conference took place August 1-3 at the JW Marriott in Indianapolis, IN—and what an amazing weekend it was! Throughout the weekend, over 35 experienced speakers shared information and led discussions on over 40 topics carefully selected for those interested in Type 1, Adult, Young Adult and Parent

information. Over 500 conference attendees took advantage of the one-on-one medical consultations, age and gender specific forums, informative sessions and enjoyable social events! New and old friends of all ages participated in the National Unbreakable Spirit® Walk-n-Wheel, Adult Happy Hour, OIF National Conference Talent Show, Cake and Ice Cream Talent Show After-party, OI Night at the Indianapolis Indians game, Closing Dinner and Dance and more! We look forward to seeing everyone at the 2016 OIF National Conference in Orlando, Florida at the Walt Disney Swan and Dolphin!

National Unbreakable Spirit® Walk-n-Wheel starting line

National Unbreakable Spirit® Walk-n-Wheel

On July 31, 2014, the OI Foundation held the first National Unbreakable Spirit® Walk-n-Wheel for OI in Indianapolis, IN as a way to kick-off the 2014 OIF National Conference. 256 participants came together, from all over the country, to walk or wheel along Indianapolis' Canal Walk at White River State Park. Over \$50,000 was raised thanks to members of the OI community and local business leaders. Plans have already begun for our next National Unbreakable Spirit® Walk-n-Wheel in Orlando, FL in July 2016.

Atticus and Debbie Shaffer at the Uniting Unbreakable Spirits Regional Conference, Los Angeles

Regional Conference

At the OI Foundation's National Conference in August 2014, we announced the implementation of a new Regional Conferences Program. Beginning in 2015, three 1-day conferences will be held each year in various regions of the country. Beginning with the Southwest region in Los Angeles, CA in February; the Northeast region in Stamford, CT in May; and the Midwest region in Minneapolis, MN in October; we are looking forward to reaching individuals in the OI community who would benefit from educational sessions led by OI experts.

2014 Scientific Meeting

Scientific Meetings

In April 2014, scientists from the United States, Canada and the United Kingdom gathered in Chicago for the 14th Annual OIF Scientific Meeting. The meeting, titled *New Treatments for Osteogenesis Imperfecta*, was chaired by

Dr. Frank Rauch of Shriners Hospitals for Children, Montreal. Dr. Rauch serves on the OI Foundation's Medical Advisory Council. Presenters provided an update on today's OI bone drugs, including bisphosphonates, emerging drugs, and those on the horizon. It was noted that although progress has been made in treating children with bisphosphonates, including increased bone mineral density and reduced fracture rate with some, only patients with Type I OI in the Teriparatide (FORTEO) study experienced increased bone mineral density. There was no observed benefit for those with Type III/IV OI. The OI Foundation released the FORTEO study information in the spring 2014 issue of *Breakthrough* and it is available on our website. The meeting also examined existing and new surgical treatments for both children and adults with OI, and new technologies in the rehabilitation area were discussed that have potential for increasing mobility in both children and adults. The conference was made possible by the generous support of the Buchbinder Family Foundation.

Research Grants

In 2014, the OI Foundation continued to fund Dr. Ingo Grafe's research as a Michael Geisman Research Fellow. Dr. Grafe's research is titled *Dysregulated matrix-cell signaling as a mechanism of osteogenesis imperfecta*. Dr. Grafe's research will examine the bone matrix to help determine why "bad bone" is made and what can be done at this very basic level of science to correct or treat it. The OI Foundation also awarded a new SCPICA Grant for OI Research to Dr. Brya Matthews from the University of Connecticut. Her research will focus on examining approved drugs that block TNFa. TNFa is elevated in oim mice, which may contribute to increased bone turnover. She plans to test one of the approved drugs to determine if treatment can improve bone density and strength in mice. Since these drugs are already approved for use in children and with other diseases, promising results would potentially allow rapid clinical translation of these findings, providing an alternate treatment approach for children with OI.

MEDICAL ADVISORY COUNCIL (continued)

- Professor, Pediatrics, Washington University School of Medicine, St. Louis, MO
- Professor, Genetics, Washington University School of Medicine, St. Louis, MO

- Clinical geneticists, Texas Children's Hospital Skeletal Dysplasia Clinic in Houston, Texas
- Associate Professor, of Molecular and Human Genetics, Baylor College of Medicine in Houston
- Director of the Medical Genetics Residency Program
- Medical Director of the Biochemical Genetics Diagnostic Laboratory

Sandy Sandhaus, M.D., Ph.D.

<https://www.alpha1.org/education/robert-a-sandhaus-md>

- Clinical Director at the Alpha-1 Foundation, National Jewish Health, Denver Colorado
- Medical Director and Executive Vice President of AlphaNet
- Professor and Medice and Director of the Alpha-1 Program, National Jewish Health, Denver Colorado

OI Registry

The OI Registry is a joint effort between the OI Foundation and the Kennedy Krieger Institute. Each person completes a profile of their medical characteristics, family history, fracture history, and treatment. Based on their profile, people are contacted about institution and IRB-approved clinical research study opportunities. Since the Registry opened in March 2006, more than 1,500 people from the United States and 39 other countries have joined.

Impact Grant Awardee, Turner, with his new accessible van

Impact Grants

In partnership with the Children's Brittle Bone Foundation, more than \$115,000 was awarded in 2014 to people with OI in need of products or services that would improve the quality of their lives. Grantees received funds to purchase adapted vehicles, new mobility devices, computers, hearing aids, dental work and other products and services. A new cycle of funding begins on January 5, 2015.

OI National Information Center

Approximately 6,500 requests for information were provided during the year, and the OI Foundation website was visited 205,000 times. The Center also offers a variety of resources, many of which can be downloaded free of charge, including booklets, brochures and more than 70 fact sheets. The Foundation's new online video center was also launched this year. The first video, a five-minute tutorial on home-splinting with Dr. Esposito and Dr. Peterson-Suri, was posted in May. The second video, an introduction to OI and the OI Foundation as told through an interview with OIF MAC Chair, Dr. Glorieux, will be posted this month.

Social Networking

The OI Foundation manages four social networking sites – Osteogenesis Imperfecta (OI) Foundation Facebook Page, NING, OI Foundation Twitter, and Sunday Night Chat. The OI Foundation continues to offer on www.oif.org links to other social networking sites as well that might be helpful or interesting to parents and young people living with OI. They continue to be managed by volunteers that the Foundation has established a working relationship with. To date over 4,000 people are members of the OIF Facebook Forum and more than 3,000 are members of the official OIF Facebook page. The official Facebook page allows the OIF to provide information in "real time" on events, activities and new information including new research updates.

Advocacy

In 2014, the OI Foundation continued visiting members of Congress to update them on our work. Led by volunteers, the OI Foundation visited more than 25 congressional offices this year.

Meetings and Conferences

The OI Foundation was represented at several large meetings including the Endocrine Society meeting and the American Society for Bone and Mineral Research (ASBMR). More than 10,000 people attended both meetings and OI Foundation staff spent quality time talking with potential new OI researchers and physicians interested in treating people with OI. Several OI Foundation Medical Advisory Council members presented posters on their OI research at the very popular ASBMR poster session.

Rare Bone Meetings/Activities

The OI Foundation continued to take a leading role in collaborating with other rare bone disease organizations at meetings and activities. For example, the OI Foundation coordinated the Rare Bone Disease Scientific meeting at the September ASBMR annual meeting held in Houston, TX. The meeting, chaired by Dr. Laura Tosi, a member of the OI Foundation's Medical Advisory, attracted more than 300 scientists interested in rare bone disease for a full day of presentations on current and emerging research and treatments on OI and other rare bone diseases.

8th grader, Andersson Dyke at the signing of her book *Missy*. Sales of Andersson's first book contributed \$12,000 to the OI Foundation.

Maggie Shae Sheridan kicking off the 2nd Annual Grandpa's Gift Golf Tournament – named after Maggie's Grandpa Tom whose wish was to one day find a cure for Maggie's OI – in Glen Elyn, IL.

Fundraising Events July 1, 2013 – June 30, 2014

The OI Foundation is truly grateful to our volunteers around the country who hold fundraising and awareness events. These events help raise awareness and funds to support the OI Foundation's mission to improve the lives of people living with osteogenesis imperfecta. Thank you!

Honor Roll of Contributors

CONTRIBUTORS

July 1, 2012 to June 30, 2013

The OI Foundation gratefully acknowledges the generous individuals, foundations, and corporations, whose support helps us respond to thousands of inquiries each year, produce new information resources, fund research, organize the biennial National Conference on OI for families, and facilitate the operation of support groups across the country. These are listings of donors from July 1, 2012 to June 30, 2013. We regret any error or omission and ask that corrections be brought to our attention.

\$100,000 and greater
