A Message From the President

To the OI community,

It is hard to believe that this is my third and final year as OIF Board President. I have learned much over the years, and I have made many new and inspiring friendships along the way. This may be my last year in office, but I will continue to be a board member for one more year as Immediate Past President and will still be involved in raising funds and communicating the mission of the OI Foundation. My wife, Teresa, and I would like everyone to know how blessed we feel to have been chosen to oversee this foundation. I say "we" because we are a team, and I would not have been able to take on this challenge without her love and support. We would like to thank everyone for the kindness they have shown us. This year we have achieved a lot, and I have summed it up below.

WE HAVE BEEN BUSY

The 2018 OIF National Conference held this past summer, themed EXPLORE, gathered 675 attendees and 50 speakers for a memorable weekend in Baltimore, Maryland. More than 30 OI experts provided private medical consultations for attendees who had questions about their specific OI situation. It is with great pride that our board announced that we were able to fund, through grants, the costs for about 40 families to attend the National Conference. This allowed families to receive critical information and insight from experts in our field. A highlight from the OIF Conference was a speech from Ingunn Westerheim, President of the OI Federation of Europe. Ingunn explained how OI groups worldwide are working together to share knowledge and hopefully speed-up medical advancements for our community. We met up again with Ingunn three weeks later in Dundee, Scotland where the Brittle Bone Society held their conference and 50th Anniversary celebration and the OIFE held their meeting and celebrated 25 years as an organization. The Brittle Bone Society conference was attended by approximately 150 people and was a wonderful success. I was grateful to meet many dedicated and accomplished OI doctors along with many new friends that will last a lifetime. I can't forget to mention my personal favorite event of the year, the National Unbreakable

Spirit® Walk-n-Wheel in Baltimore, MD, which raised over \$100,000! Great job everyone. Consider holding a Walk-n-Wheel in your hometown - it is a great way to increase awareness and raise additional funds for the OI Foundation. Who knows, you may have a surprise guest...me!

Other accomplishments included the Scientific Meeting in Chicago where 96 invitees collaborated for three days discussing research projects and grants. Many, many great ideas come out of these meetings and I am in awe at each and every meeting. The OIF Regional Conference held in Los Angeles, California in November was a huge success with over 100 attendees.

RAISING MONEY

The OI Foundation was able to raise more money this year through its many fundraising activities, so keep up the good work. The largest growth was seen with our Facebook initiative. Our supporters raised more than \$100,000 for the OI Foundation via Facebook fundraisers throughout 2018! Our fundraising initiatives allow us to continue supporting the OI community, and I am very pleased to report **that 83 cents of every dollar raised** by our organization is spent on OI research, education, awareness, and support programs.

Over the past three years we were truly blessed to have the full support of you, the OI community, and OIF staff, whose assistance is immeasurable. This has been a great year and an amazing past three years and I wish the new President continued success. Teresa and I will continue to be active and continue to raise money for OI. Again, thank you everyone for helping me with this wonderful time in our lives.

We look forward to the many programs, Regional Conferences, and fundraising events in 2019, and to celebrating the **OIF's 50th Anniversary** in 2020!

Thank you,

Kenneth W. Gudek, Sr.

Medical Advisory Council

Francis Glorieux, OC, MD, PhD - Chairman

- Canadian Shriners Hospitals for Children, Shriners Hospitals for Children, Montreal, Quebec and McGill University in Montreal
- Principal Investigator, Brittle Bone Disorders Consortium site in Montreal, Qc, Canada

Peter Byers, MD

- University of Washington School of Medicine, and University of Washington School of Dentistry, Seattle, WA
- Genetic Medicine Clinic, University of Washington Medical Center, Seattle, WA

Hollis Chaney, MD

- The George Washington University School of Medicine and Health Sciences, Washington, DC
- Children's National Health System, Washington, DC, as Vice Chair of the Division of Pulmonary Medicine

Paul Esposito, MD

- Clinical Service Chief, Pediatric Orthopedic Surgery Surgeon, Children's Hospital and Medical Center, Omaha, NE
- Professor of Orthopaedic Surgery and Pediatrics, University of NE Medical Center, Omaha, NE
- Co-Director for The OI Clinic at Children's Hospital and Medical Center in Omaha

Deborah Krakow, MD

- UCLA, David Geffen School of Medicine, Los Angeles, CA
- American Board of Medical Genetics board member
- American College of Obstetrics and Gynecology policy committee on Genetics
- Principal Investigator, Brittle Bone Disorders Consortium site in Los Angeles, CA

MEDICAL ADVISORY COUNCIL *(continued)*

Richard W. Kruse, DO, MBA

- Professor of Orthopaedic Surgery Thomas Jefferson University College of Medicine in Philadelphia, PA and the Uniformed Services University School of Medicine in Bethesda, MD
- Vice Chair Department of Orthopedics and Chief of the Orthopedic Trauma Service at Nemours/Alfred I. duPont Hospital for Children in Wilmington, DE
- Co-Director for the multidisciplinary OI program at Nemours/Alfred I. duPont Hospital for Children in Wilmington, DE

Brendan Lee, MD, PhD

- Baylor College of Medicine, Houston, TX
- Principal Investigator, Brittle Bone Disorders Consortium
- Dr. Lee is an elected member of the National Academy of Medicine

Joan Marini, MD, PhD

- Chief, Bone and Extracellular Matrix Branch, National Institute of Child Health and Human Development (NICHD), National Institutes of Health, Bethesda, MD
- Director of Translational Research Program on OI at NICHD
- Principal Investigator, NICHD Pediatric Research Program

Cathleen Raggio, MD

- Hospital for Special Surgery, New York, NY, Orthopedic Surgeon
- Co-Director of the Kathryn O. and Alan C. Greenberg Center for Skeletal Dysplasias
- Principal Investigator, Brittle Bone Disorders Consortium site in New York, NY

National Conference and Walk-n-Wheel

During July 2018, the OI Foundation held its 21st Biennial National Conference in Baltimore, Maryland with more than 675 members of the OI community in attendance. As the Foundation's principal educational event, this conference provides the opportunity for attendees to have face-to-face meetings with experienced physicians, learn about the latest research, and interact with other people who are affected by OI. This year's conference began with the OIF's third National Unbreakable Spirit® Walk-n-Wheel event. More than 200 walkers and wheelers participated in the event and after-party at Baltimore's National Aquarium. The next OIF National Conference and National Unbreakable Spirit® Walk-n-Wheel will be held July 9-12, 2020 in Omaha, Nebraska, where the OI Foundation will celebrate its 50th anniversary.

Raising awareness at the 2018 OIF National Walk-n-Wheel in Baltimore, MD.

Awareness and Education

On May 5 – 12, 2018, the OI Foundation held its ninth annual National OI Awareness Week. Volunteers held awareness and fundraising events, as well as requested official proclamations from their local government. OI Awareness Week was proclaimed in 19 states, 4 cities, and 2 counties across the United States. With the help of OI community members across the nation, the OI Foundation's OI Awareness Week posts reached over 200,000 people on Facebook. Throughout the week, more than 30 OI community members created Facebook fundraisers to raise more than \$7,000 in support of the OI Foundation. The tenth annual National OI Awareness Week will take place May 4-11, 2019.

Scientific Meeting

The OI Foundation gathered more than one hundred scientists and researchers for the 17th Annual OIF Science Meeting on April 18-20, 2018. Dr. Christina Jacobsen and Dr. Matthew Warman of Children's Hospital in Boston chaired the meeting, titled *Outcome Measures and Endpoints to Advance Therapeutic Options in Patients with OI*. Presentations explored topics including a patient panel to discuss patient perspectives on outcome measures, Measuring Efficacy of Physical Rehabilitation in Children and Adults, Craniofacial and Oral Health Outcome Measures and an update from Dr. Brendan Lee on the work of the BBDC. Each year, the meeting attracts scientists interested in learning more about the latest in basic and clinical OI research, and how the information could ultimately benefit people living with OI. The 17th Annual OIF Scientific Meeting was made possible by the generous support of the Buchbinder Family Foundation.

MEDICAL ADVISORY COUNCIL (continued)

Frank Rauch, MD

- Canadian Shriners Hospitals for Children, and McGill University Faculty of Medicine, Montreal, Quebec, Canada
- Director, Biomedical Laboratory, Shriners Hospitals for Children, Montreal, Quebec
- Principal Investigator, Brittle Bone Disorders Consortium site in Montreal Qc, Canada

David Rowe, MD

- University of Connecticut Health Center, Farmington, CT
- Director for Regenerative Medicine and Skeletal Development, University of Connecticut

Sandy Sandhaus, MD, PhD

- University of Colorado School of Medicine, and National Jewish Health, Denver, CO
- Clinical Director at the Alpha-1 Foundation, Denver, CO
- Medical Director and Executive Vice President of AlphaNet

Jay Shapiro, MD

- Dr. Shapiro is Consultant to the Endocrine and Diabetes Dept. at the Walter Reed National Military Medical Center, Bethesda, MD
- Endocrinologist experienced in the treatment of genetic and metabolic bone disorders in children and adults
- Currently practicing in Bethesda, MD, Dr. Shapiro is Adjunct Professor, Dept. of Medicine, Uniformed Services University of Health Sciences. Bethesda, MD

Peter Smith, MD

- Pediatric Orthopaedic Surgeon at Shriners Hospital for Children, Chicago
- Professor, Orthopaedic Surgery, Rush University Medical Center
- Director, Osteogenesis Imperfecta Clinic, Shriners Hospital for Children, Chicago
- Principal Investigator, Brittle Bone Disorders Consortium site in Chicago

MEDICAL ADVISORY COUNCIL *(continued)*

Reid Sutton, MD

- Texas Children's Hospital Skeletal Dysplasia Clinic and Baylor College of Medicine Department of Molecular and Human Genetics, Houston, TX
- Director of the Medical Genetics Residency Program
- Medical Director of the Biochemical Genetics Diagnostic Laboratory
- Administrative Director and Principal Investigator, Brittle Bone Disorders Consortium Rare Disease Clinical Research Center, Baylor College of Medicine and Texas Children's Hospital, Houston, TX

Laura Tosi, MD

- Children's National Health System, George Washington University School of Medicine and Health Sciences, Washington, DC
- Orthopedic Surgeon
- Principal Investigator, Children's Research Institute (CRI), Center for Genetic Medicine Research (CGMR), Children's National Medical Center, Washington, DC
- OI Foundation Board of Governor's Representative to the National Bone Health Alliance
- Chair, Rare Bone Disease Working Group—NBHA—representing the OI Foundation
- Principal Investigator, Brittle Bone Disorders Consortium site in Washington, DC

David Vernick, MD

- Harvard Medical School, Boston, MA
- Surgeon in Otolaryngology at Massachusetts Eye and Ear Infirmary, Beth Israel Deaconess Medical Center, Brigham and Women's Hospital, and Children's Hospital, Boston, MA

Rare Bone Disease Meetings

The OIF successfully co-sponsored a Rare Bone Disease Working Group meeting at the American Society of Bone and Mineral Research (ASBMR) annual meeting in September 2018. The meeting drew a record 375 scientists and medical professionals. The two-day meeting, *Mechanistic and Therapeutic Advances in Rare Skeletal Diseases*, was chaired by Brittle Bone Disorders Consortium Principal Investigator Dr. Brendan Lee of Baylor College of Medicine and co-chaired by Dr. Maurizio Pacifici of the Children's Hospital of Philadelphia. Presentations included topics such as Next Generation Sequencing and Multi-Omic Approaches for Diagnosing Skeletal Diseases, Therapies on the Horizon and New Disease Targets and Targeting Signaling Pathways. The meeting featured a poster session with 100 innovative research posters, and 26 young investigators were awarded travel grants to attend the meeting.

Regional Conferences

Since its launch in 2015, the OIF's Regional Conference program, *Uniting Unbreakable Spirits*, has reached more than 800 members of the OI community, half of whom had never attended an OI event before. With more than 140 attendees, the Los Angeles regional conference held in November 2018 was one of the largest Regional Conferences in OIF history. In 2019, the OIF will host regional conferences in Chicago, Illinois; Atlanta, Georgia; Sacramento, California; and Wilmington, Delaware.

OI community member Helen Atuncar, Dr. Deborah Krakow, and Dr. Robert Sandhaus at the OIF Regional Conference in Los Angeles, CA.

NIH Brittle Bone Disorders Consortium (BBDC)

A key activity for the OIF continues to be the participation in the Brittle Bone Disorders Consortium (BBDC). The OIF is responsible for providing education to medical professionals through materials and meetings designed to give the most up to date information on OI care and research. This is the only rare disease network at the NIH that is studying bone and specifically OI. Under the leadership of OIF Medical Advisory Council member, Dr. Brendan Lee of Baylor College of Medicine, the BBDC has completed five studies and has several more in progress. More than 1,500 people have joined the BBD Contact Registry and the Consortium continues to work with its new partners including Tampa Shriners Hospital for Children, A.I. DuPont Hospital for Children and Cologne Hospital in Cologne, Germany.

Research Grants

To support late-stage postdoctoral fellows and new faculty of the BBDC, the OI Foundation awarded second year funding to Dr. Ivan Duran Jimenez from UCLA and his work on new mechanisms and therapies for OI caused by mutations in type I procollagen chaperones. In addition to the two main goals of his project, Dr. Duran Jimenez's study yielded an unexpected result of lethality due to respiratory insufficiency, which his team confirmed were due to detected abnormalities in the brochi wall. Dr. Duran Jimenez is a recipient of an OIF Michael Geisman Fellowship, the OIF's young investigator grant program named for the son of OIF Founder, Gemma Geisman.

MEDICAL ADVISORY COUNCIL *(continued)*

Matthew Warman, MD

- Director of Orthopedic Research Laboratories, Department of Orthopaedic Surgery, Boston Children's Hospital, Boston, MA
- Professor, Departments of Orthopaedic Surgery and Genetics, Harvard Medical School, Boston, MA

Michael Whyte, MD

- Washington University School of Medicine, St. Louis, MO
- Shriners Hospitals for Children, and Barnes-Jewish Hospital, St. Louis, MO
- Medical-Scientific Director, Center for Metabolic Bone Disease and Molecular Research, Shriners Hospitals for Children, St. Louis, MO

OI Adult Health Initiative

The OIF funded the first year of a new cardiopulmonary grant. This community directed scientific committee led study is in direct response to the growing concern in the OI community of pulmonary complications, especially in adults. The study will work to determine the inherent cause of restrictive physiology (cardiopulmonary insufficiency) in people with OI so that treatments can be recommended and appropriate measurements for an accurate assessment of the restrictive physiology in OI patients can be defined by creating a standard normative reference for each OI type.

Impact Grants

In partnership with the Children's Brittle Bone Foundation, the Jeanie Coleman Impact Grant program was designed and established to provide funding for items that will significantly improve the quality of life for a person who has OI and who has limited financial resources. In 2018, the OIF was able to fund 31 families (72 individuals) to attend the OIF National Conference. In addition to funding conference scholarships, funding was provided to nine families for a range of items including hearing aids, a wheelchair, and physical therapy.

An OI community member getting fitted for a new wheelchair through the CBBF/OIF Jeanie Coleman Impact Grant program.

OIF National Information Center

The Foundation provides medically verified information related to OI. Topics range from medical issues such as genetics, diagnosis, and, treatments to daily living strategies such as school and employment. Educational materials are available in print and electronically through the OIF website. This past year, OIF staff responded to more than 7,500 direct inquiries for information, and an average of 40,000 people used the OIF website each month. The OIF also sponsors a network of support groups across the United States. Support group activities provide opportunities for mutual support and increased community awareness. Currently, there are 38 active groups in 32 states.

The OIF continues to improve its web-based “tool kit” called the Information Center for Medical Professionals. The information center, located at www.oif.org/meded, covers information about OI, issues that affect children and adults, and provides online resources for providers who see few OI patients. The site is also host to the OIF podcasts (20 to date) on a variety of topics including; spine issues and basilar invagination in OI; dental; surgical interventions; pregnancy and OI; hearing loss and OI; mental health and the OI patient; treatment options for adults and children; and an overview of the diagnosis and treatment of OI. The podcasts have been downloaded 2,300 times and are a very popular feature of our medical professional education outreach.

Social Networking

The OI Foundation manages two official social networking sites: the OIF Facebook Page – liked by 10,948 Facebook users; and the OI Foundation Twitter page (@OIFoundation) - followed by 2,441 Twitter users. The OIF Forum page, a Facebook group with 9,405 members, is for OI community members to ask questions, share information and experiences, and connect with other OI community members.

International Collaborations

Several international partnerships were created, celebrated, and strengthened throughout the OI community in 2018. This summer, OIF CEO Tracy Hart, OIF Board President Ken Gudek, OIF Medical Advisory Council Chair Dr. Francis Glorieux and OIF Board Member Jacinta Whyte traveled to Dundee, Scotland to represent the Foundation at the Annual General Meeting and 50th Anniversary Celebration of the Brittle Bone Society (BBS- UK). The OIF team presented updates regarding new activities of the OI Foundation and the latest research updates from the Brittle Bone Disorders Consortium. Also this year, the OIF began promoting the multi-language OIFE Passport, which serves as a handy communication support for individuals affected by OI who are traveling internationally or living abroad. This pamphlet contains the statement that the bearer has OI, a brief explanation of what that means and how a person with OI should be treated in emergency situations- **in 22 languages!** The OIFE Passport was debuted by OIFE President Ingunn Westerheim at the 2018 OIF National Conference and is available to download online or request in print.

In 2018, the OIF successfully helped the Canadian OI Society relaunch their organization. The OIF will continue to partner with COIS to help provide services to members of the OI community living in Canada.

New Events

During 2018, the OI Foundation held seven Fine Wines Strong Bones galas or receptions. These volunteer led events are critical to enhancing the operating budget of the Foundation. Money raised from these fundraising events has helped the OI Foundation provide scholarships to the OIF National Conference, create new resources, bring on new BBDC Clinical Research Sites, and fund the first patient directed research project - a promising cardio pulmonary study. During 2019, we are excited to add a new Fine Wines Reception in Indianapolis, Indiana as well as the new Medics on the March program! Inspired by the Brittle Bone Society's event in Scotland, ten of the OI Foundation's dedicated physicians will be hiking 50 miles along the C&O Canal Trail and endeavoring to raise \$100,000 for the OI Foundation.

OI community member Andersson Dyke played the drums at the Strong Bones Gala in Houston, TX.

Honor Roll of Contributors

July 1, 2017 to June 30, 2018

The OI Foundation gratefully acknowledges the generous individuals, foundations and corporations whose support helps us respond to thousands of inquiries each year, produce new information resources, fund research, organize National and Regional Conferences and facilitate the operation of support groups across the country. This list represents donations made from July 1, 2017 to June 30, 2018. We regret any error or omission and ask that corrections be brought to our attention.
